

BTT StockTwin 650

Belgian Twin Trophy - Open Belgian Championship

1. Technical rules

- **Any 4 stroke, 2 cylinder air or water cooled 650cc homologated street motorcycle is eligible to start in this class**
- **ECU or mechanical engine tuning is not authorised.**

There is a simple rule to follow: everything which is not expressly listed as permitted is therefore prohibited to be modified.

Another easy rule to follow is for example: a quick shifter is not permitted if the motorcycle type is not equipped with it at homologation phase

Below is a summary of the most important adjustments to be made. For the complete technical/safety regulations, please refer to the BMB-FMB website.

F. General information:

1. The intention is that where possible, the BTT StockTwin 650 pilots will have their qualifications sessions and race heats together with the BTT SuperTwin pilots.
2. The starting grid is determined by the result of the qualifying times.
3. The decision for a separate (wave) start is a decision that only the race director can make after the qualification sessions.

2. The General Rules of the Belgian Twin Trophy (BTT-OBC) **StockTwin 650**

1. Licenses:

The rider who wants to participate to a BTT-OBK race must be in possession of an international race license issued by a FIM recognized organization

1. For the Belgium riders this is the BMB-FMB license for the class “Twin”.
2. The foreign rider must be in possession of a race license issued by a National motor federation affiliated with the FIM and which allows the rider to participate to the FIM Europe Open races (short track as well road races)

2. BTT profile and BTT membership

1. If a rider wishes to participate to a BTT-OBK race, then he/she must first create a BTT profile on the BTT website (www.belgiantwintrophy.be) and deposit €40 (one time yearly membership fee) to the bank account of the HJ-RacePromo organization.
2. The rider must also sign and return to the BTT organization the “renunciation of recourse” document.

3. Races

1. At every race event there are at least 2 race heats and 2 practice sessions of which at least 1 practice session will count as qualifying session.
2. Champions points are distributed at every race heat

4. Qualification session

1. Every rider must have at least done 3 timed laps in a qualification session.
2. His/her best lap time may not exceed the 115% of the average of the sum of the 3 best qualification lap times in his/her class.
3. In the case that we race together with another class, then your qualification time may not exceed the 118% of the average of the overall 3 best times.

5. Transponder

1. The lap timing is done by means of a transponder. Every participant must make sure that prior to the start of the qualification session(s) he/she has a functioning and adequately charged transponder mounted on the motorcycle.
2. If you use your own transponder you have to submit the number of your transponder in your BTT profile and to the organization responsible for the timing of the race.

6. Points distribution

The points to gain per heat are:

1 st place	25 points	6 th place	10 points	11 th place	5 points
2 nd place	20 points	7 th place	9 points	12 th place	4 points
3 rd place	16 points	8 th place	8 points	13 th place	3 points
4 th place	13 points	9 th place	7 points	14 th place	2 points
5 th place	11 points	10 th place	6 points	15 th place	1 point

7. Trophies – Price awards

The local race organization (i.e. Chimay) will provide trophies for the podium of the StockTwin 650. They can decide to provide trophies per heat or only provide trophies at the end of the 2nd heat. In the latter case the results of heat 1 & 2 are combined to define the trophy winners. At ex aequo of point it's the difference of total race time of the 2 riders which will be used as the determining factor.

The local race organization can also decide not to provide a podium nor trophies for a class in case there are less than 12 riders registered for the race.

The BTT organization – with thanks to his sponsors – will provide non-cash prizes to the first 3 riders of each heat. To receive their prizes the riders must show up at the end of the heat with their motorcycle at the BTT promo tent. In case that the BTT promo tent has not been setup, then the BTT organization will inform the riders upfront where and when they will hold the prize giving awards.

In case that there have been less than 12 riders registered for a race, then there will only be a prize giving award at the end of the 2 heat. The results of heat 1 & 2 are combined to define the prize winners. At ex aequo of point it's the difference of total race time of the 2 riders which will be used as the determining factor.

8. BTT Sponsors

To be eligible to receive the non-cash sponsor prizes the BTT riders must make sure that

1. the sponsor stickers are clearly visible on their race bike
2. the sponsor badges are clearly visible on their race leathers

9. Final Championship Ranking

The champion is the one with the most points. In case of tie at the end of the BTT-OBK championship the title goes to the rider with the most number ONE results. If the tie persists, the award will go to, in order, to the best place in the rankings of the last rounds of counting for the Championship

The FMB-BMB will distribute at the end of the Championship the title of “Belgian Champion 2024 in the StockTwin 650 class”.

10. Remarks

In case of dispute of the “General Rules BTT-OBK” and/or the Technical Rules BTT-OBK” is only to the BTT organization who can make adjustments to the regulation.

If at any time during the BTT-OBK championship changes to the regulation are made, then this will happen via addenda and the riders will be informed ASAP via the BTT website that there is a new addendum to the BTT-OBK regulation.

11. Liability

The organization of the Belgian Twin Trophy cannot be held liable for emergencies that arise before, during or after the races.
